

Dear Community Supporter:

Cheer Envy is a non-profit competitive cheer organization that has offered the exciting world of competitive cheer to more than 200 of Polk Counties' young girls the past 2 years. Competitive cheer is extremely expensive but it is our goal at Cheer Envy to make sure that every girl, no matter their economic means, has every opportunity to experience it. We do this with the help of our dedicated hard working volunteers, lots of fundraising, and help from our community businesses.

Your donation of \$200 will help in so many ways. It will help with the cost of uniforms, equipment, safety training for our coaches, supplies for competition, trophies for our cheerleaders and much much more. The first \$100 of your Sponsorship will go directly to help cover the uniform of the girl who secures your sponsorship.

To thank you for your support you will be added to our website as a valued sponsor with a quick link to your business site, you will receive a team photo of the sweetest smiles to display in your business, and most importantly get the best feeling of knowing you helped a young girls dream come true.

If you would like to sponsor Cheer Envy, it's very simple. Fill out the form provided, attach a business card with your logo, and make the check payable to Cheer Envy. We will email you a receipt upon your request.

Again thank you for your consideration.

Sincerely,

Cheer Envy Volunteers
